Ergonomics and Range of Motion

Ergotron's StyleView™ Cart incorporates proprietary Constant Force (CF™) motion technology providing single-motion adjustability. Choose a Flat Panel Monitor or Laptop Cart for an ergonomically correct, mobile workstation. You can access data on the run and quickly move monitors into position for easy viewing. Easily convert any StyleView Cart to a tablet PC style using the Tablet PC Pivot Extension*. Additional accessories including Locking Medication Drawer, Utility Shelf, Laptop Drawer, etc. may be ordered separately.

Ergonomic Adjustability:
The StyleView cart's 20" height range ensures comfortable ergonomic data-entry for seated to standing workers. This range accommodates the average seated person and up to the 95% of the standing male**.

* The StyleView Tablet PC Pivot Extension is compatible with VESA-compliant tablet PCs and docking stations. IF your tablet PC is not VESA-compliant, please contact your Ergotron representative for specific interface requirements.

** Ergonomic values are based on the 1988 Anthropometric Survey of the U.S. Army personnel database. Values are derived without using clothing/shoe allowances.

All StyleView Carts feature CF motion technology – providing 20" of fluid, light-touch motion.

Flat Panel Monitor Configurations – Standard Features

Flat Panel Monitor Mounting: ±12° tilt; VESA® FDMI™ MIS-D; 100/75, C Monitor Interface (75 mm & 100 mm); monitor weight capacity of up to 25 lbs (11.35 kg).

Worksurface: Easy-to-clean, ample work area measures 20.8" W x 14.8" D (528 x 376 mm); Maximum worksurface/drawer load capacity is 5 lbs (2.27 kg); ergonomic front handle minimizes force required to lift, lower or move cart.

Lockable Drawer: Interior measures 14.6" W x 9.1" D x 1.9" H (371 x 232 x 49 mm); Maximum worksurface/drawer load capacity is 5 lbs (2.27 kg).

Universal CPU Holder: Adjusts from 9" H x 2" D (229 x 51 mm) to 18" H x 10" D (457 x 254 mm) to securely mount CPU or other equipment. Maximum CPU holder weight capacity is 30 lbs (13.6 kg).

SPS to PC Communications Kit: The Communications Kit consists of software (on CD) and a serial connection that links the Information Control Center of the StyleView AC Power System with the user's PC. It also allows remote monitoring of power system status (requires programming by the user). Software is Microsoft Windows compatible. Available only on SV21-31639 (Flat Panel Monitor Configuration with Power System (55AH) and SPS to PC Communications Kit).

Laptop Configurations – Standard Features

Laptop Enclosure: Securely holds laptops (for maximum laptop size, see page 10) with room for accessories below (i.e. lithium batteries, power brick and cords). Measures 16.5" W x 10.8" D x 1.8" H (419 x 274 x 46 mm). Maximum combined laptop enclosure/worksurface weight capacity is 30 lbs (13.6 kg).

Worksurface with Locks: Offers both protection and easy access to laptop. Worksurface is easy to clean with an ample work area of 20.8" W x 15" D (528 x 381 mm). Ergonomic front hand grips minimize force required to lift, lower or move cart.

Lithium Ion Battery Security Kit: Offers added protection for one or two batteries mounted beneath laptop. Includes battery clips, adhesive, lock and keys. Available with nonpowered cart only.

SPS to PC Communications Kit: The Communications Kit consists of software (on CD) and a serial connection that links the Information Control Center of the StyleView AC Power System with the user's PC. It also allows remote monitoring of power system status (requires programming by the user). Software is Microsoft Windows compatible. Available only on SV21-20242 (Laptop Configuration with Power System (55AH) and SPS to PC Communications Kit).

All Configurations – Standard Features

Scanner Holder: Accepts most hand-held barcode scanners. Mounted on right; can be mounted on left. Mounts to back of worksurface/drawer.

Keyboard Mounting: Retractable keyboard tray; mouse tray slides out from left or right.

Keyboard Accessories Include: Gel wrist rest and repositionable mouse pouch. Mouse pouch is attached to back of sliding mouse tray; switches from right to left hand-use quickly and easily.

Cable Management System: Integrated cable channel (right side of cart) keeps cables organized and concealed, yet accessible. Kit includes cable ties, cable clips and two 20" (508 mm) sections of cable wrap.

Riser Lock: Fixes the riser in place at any point within 20" (508 mm) vertical range for stable, ergonomic use of monitor and keyboard.

Dual Casters: Measure 4" (102 mm) in diameter; 2 locking (front) and 2 non-locking (rear).

Caster Footprint: Measures 18" x 18" (457 x 457 mm); cast aluminum base with textured paint finish.

Riser: Vertical adjustment range of 20" (508 mm) uses CF™ proprietary motion technology. Moves and stays in desired position with up to 5 lbs (2.27 kg) additional load. Riser cover has integrated lock to help provide security for mounted equipment.

Tower: Robust design contributes to cart stability and houses lift mechanism.

Rear Handle: Mounted at optimum ergonomic height for easy and comfortable cart travel. Handle can withstand a maximum force of 25 lbs (11.35 kg).

Storage Basket: Attaches to back of tower. The hook on the bottom of the basket keeps optional power cord within reach. *Note: An optional second storage basket can be added, depending on your configuration.*

Warranty: Five (5) year warranty. One year warranty on power system. Battery carries 90 day performance warranty and six (6) month warranty against manufacturers defects. See document e-09-002 on www.ergotron.com for full details.

Safety Standards: The Ergotron StyleView cart and integrated power system are fully certified to UL Standard 60601-1. This listing also includes certification to CAN/CSA STD C22.2 No.601-1M90. Our listing number is 3062889-001 and the control number is 3072342. A copy can be found at our website: www.ergotron.com.

Optional Power System: Fully integrated AC power allows you to charge battery as you work; includes convenient, dynamic battery monitor display, low charge alarm and retractable hospital grade cord reel.

Optional Tablet PC Pivot Extension: Easily convert any StyleView Cart to a tablet PC style by simply attaching the Tablet PC Pivot Extension accessory.

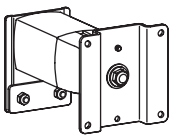
Accessories

Tablet PC Pivot Extension Assembly

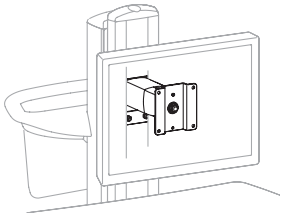


47-095 Tablet PC Pivot Extension

The StyleView Tablet PC Pivot Extension is compatible with VESA-compliant tablet PCs and docking stations. IF your tablet PC is not VESA-compliant, please contact your Ergotron representative for specific interface requirements.

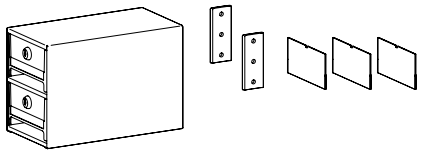
Part Number	Description	Dimensions H x W x D	Shipping Weight
47-095	Tablet PC Pivot Extension	4.25" x 3.5" x 6.25" (108 x 89 x 159 mm)	2.25 lbs (1 kg)

Note: See page 11 for dimensions and technical specifications.



Accessories

Medication Drawers

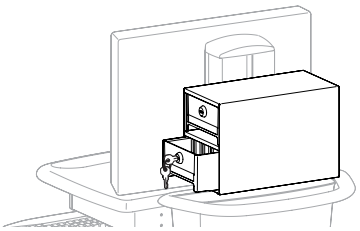


68-124-201
Medication Drawers

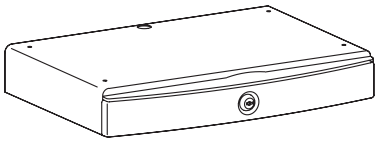
The Medication Drawers allow the user to store meds at the point of use.

Part Number	Description	Dimensions H x W x D	Shipping Weight
68-124-201	Medication Drawers	7.54" x 5.85" x 11.08" (192 x 149 x 281 mm)	8.5 lbs (3.9 kg)

Note: Mounts to rear of tower.



Laptop Drawer

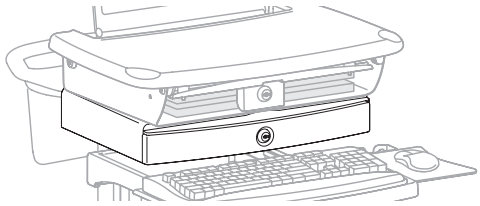


68-122-201
Laptop Drawer

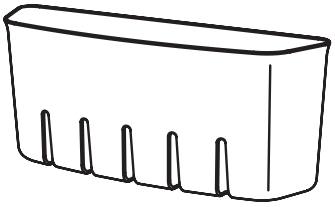
The Laptop Drawer attaches to laptop carts providing added storage space.

Part Number	Description	Dimensions H x W x D	Shipping Weight
68-122-201	Laptop Drawer	3" x 14.7" x 9.3" (76 x 373 x 236 mm)	4 lbs (1.8 kg)

Note: Mounts under enclosure.



Storage Basket



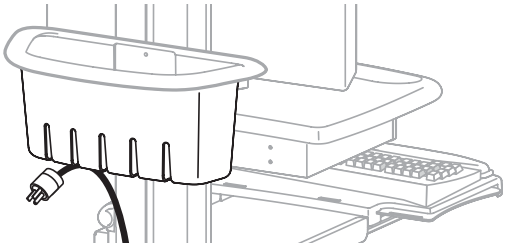
99-160
Storage Basket

The Storage Basket stores a wide variety of task-related items where they can be quickly identified and accessed. Located on rear of cart under handle.

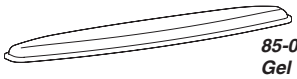
Part Number	Description	Dimensions H x W x D	Shipping Weight
99-160	Storage Basket	6" x 14.16" x 4" (153 x 360 x 102 mm)	1 lbs (.45 kg)

Note: One Storage Basket comes standard with the cart. For an additional Storage Basket, use part number above to order. Only one additional Storage Basket can mount along rear channel of cart.

Clip under basket allows attachment of cord reel plug.



Gel Wrist Rest & Mouse Pouch

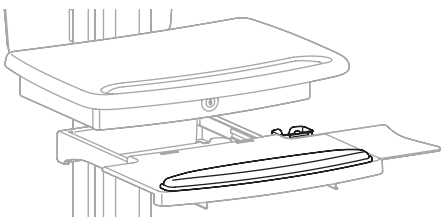


85-043
Gel Wrist Rest

99-161
Mouse Pouch

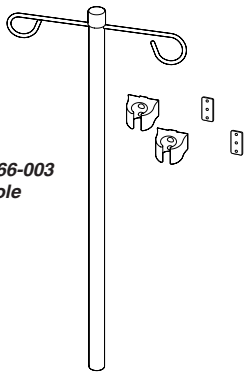
One Gel Wrist Rest and one Mouse Pouch are provided with each cart. For additional quantities use part numbers below to order.

Part Number	Description	Shipping Weight
85-043	Gel Wrist Rest	1 lbs (.45 kg)
99-161	Mouse Pouch	1 lbs (.45 kg)



Accessories

IV Pole

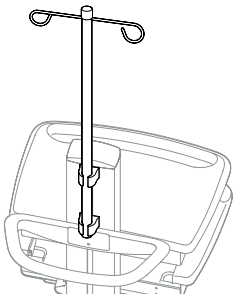


60-566-003
IV Pole

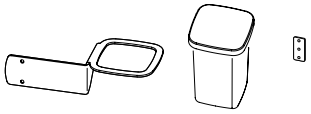
The IV Pole features 2 hooks to hold 1 liter solution containers or other items.

Part Number	Description	Dimensions H x W x D	Shipping Weight
60-566-003	IV Pole	1.5" x 13.5" x 26" (38 x 343 x 660 mm)	4 lbs (1.8 kg)

Note: Max weight capacity is: 5 lbs (2.27 kg). Mounts to rear of tower.



Sharps Container and Bracket

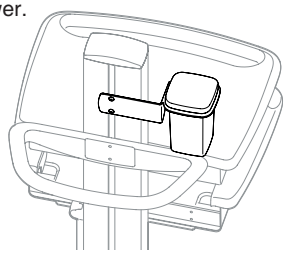


60-570-201
Sharps Container and Bracket

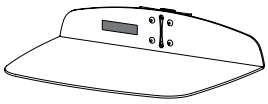
The Sharps Container and Bracket allows the user to safely deposit sharps into the container at the point of use.

Part Number	Description	Dimensions H x W x D	Shipping Weight
60-570-201	Sharps Container and Bracket	2.5" x 4.31" x 9.8" (64 x 109 x 249 mm)	1.5 lbs (.68 kg)

Note: Mounts to rear of tower.



Utility Shelf

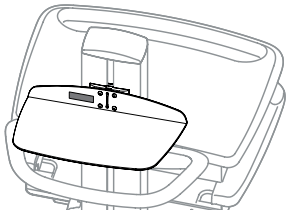


50-192-201
Utility Shelf

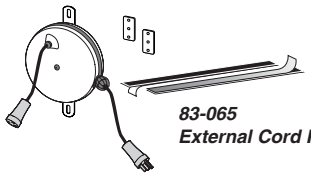
The Utility Shelf allows the user to store additional components to the rear of the cart.

Part Number	Description	Dimensions H x W x D	Shipping Weight
50-192-201	Utility Shelf	1.7" x 12" x 8" (43 x 305 x 203 mm)	2 lbs (.9 kg)

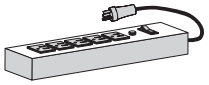
Note: Mounts to rear of tower.



External Cord Reel and Power Strip



83-065
External Cord Reel

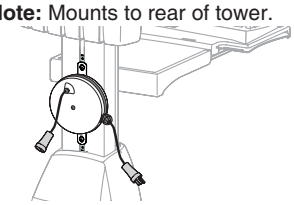


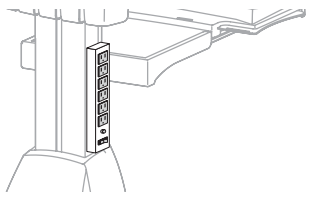
83-002
Power Strip

The External Cord reel allows you to easily access the power cord to plug in for power. The Power Strip allows all equipment to be plugged in at point of use

Part Number	Description	Dimensions H x W x D	Shipping Weight
83-065	External Cord Reel	9" x 6" x 2.75" (229 x 152 x 70 mm)	5 lbs (2.27 kg)
83-002	Power Strip	12" x 2" x 1.5" (305 x 51 x 38 mm)	1 lbs (.45 kg)

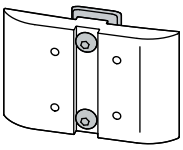
Note: Mounts to rear of tower.





Accessories

T-Slot Bracket

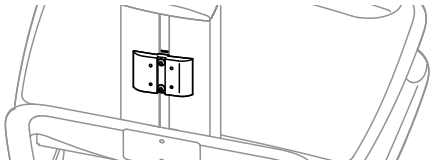


60-575-003
T-Slot Bracket

The T-Slot Bracket allows customer supplied accessories to be mounted to the rear of the cart.

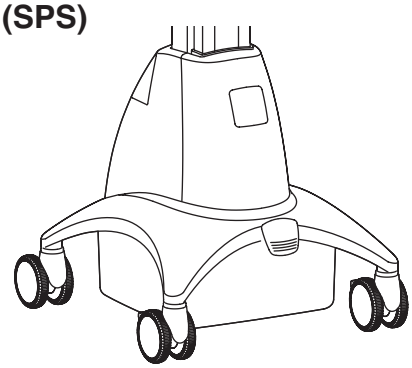
Part Number	Description	Dimensions H x W x D	Shipping Weight
60-575-003	T-Slot Bracket	2" x 3" x .44" (51 x 76 x 11 mm)	1 lbs (.45 kg)

Note: Mounts to rear of tower.



StyleView™ AC Power System

StyleView AC Power System (SPS)



The StyleView AC Power System (SPS) allows your power supply to travel with the cart. The SPS is integrated in the base of the cart and comes standard with a battery, true sine wave inverter, ATS, ICP, charger, isolation transformer, 3 hospital grade outlets, and retractable cord reel with hospital grade plug.

Options	Input Charger	Output Power	Estimated Charge Time*	Outlets
North American				
55 Amp-Hour	10 Amp	110-120VAC/50-60 Hz	6 hours	3 Hospital Grade

True Sine Wave Inverter (TSW): designed to insure satisfactory operation of Power Factor Corrected devices like Flat Panel Monitors.

Automatic Transfer Switch (ATS): allows connected computer equipment to switch to “house” power when charging the system.

Information Control Panel (ICP): digital display of information on the SPS including battery voltage, charge remaining, time-to-go (hours/minutes), number of cycles left. The LCD display is located on the front panel of the StyleView Power System housing.

Retractable Cord Reel: Seven foot cord with hospital grade plug. Located inside base.

One (1)-year warranty on all power supply components by Ergotron; battery carries a 90 day performance warranty and six (6)-month warranty against manufacturers defects. Warranty on fully charged batteries left in an unused state for more than three (3) consecutive months is automatically void. Warranty on fully discharged batteries left in an unused state for more than three (3) consecutive days is automatically void. (see operation guide for more information on battery maintenance).

Safety Standards: The Ergotron StyleView cart and integrated power system are fully certified to UL Standard 60601-1. This listing also includes certification to CAN/CSA STD C22.2 No.601-1M90. Our listing number is 3062889-001 and the control number is 3072342. A copy can be found at our website: www.ergotron.com.

Environmental: The optimal temperature range for Ergotron StyleView carts is 40° to 110°F (4° to 43°C). Operating outside this range may affect performance of product. The optimal temperature range for the StyleView Power System is 32° F to 90° F (0° C to 32° C)

* Estimate from empty to fully charged.

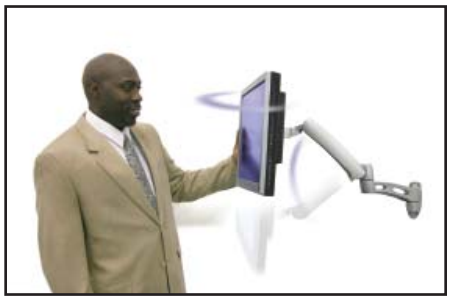
Maximize the effectiveness of your computer systems with Ergotron Products

Constant Force (CF™) proprietary lift-and-pivot motion technology provides premium adjustment



Since 1982, Ergotron has designed and engineered products specifically for improving the human interface with computers. Innovative engineering concepts incorporate the human factor into each and every product. With our proprietary Constant Force technology as the core, Ergotron designs Mounting Solutions that consistently meet the ever changing needs of our customers.

Our experienced Sales Representatives will work with you to define your requirements and custom configure standard components to cost-effectively meet those requirements. If you do not see a product that meets your requirements, call us and we will tailor a solution to your needs.
